Dear Nathan,

We wish to take this time to personally thank you for your wonderful assistance, guidance and ultimate success in the sale of our business.

We found you to be a man of your word, honest in your approach, never offered more than you could deliver and kept us in touch every step of the way.

We are thrilled with the result, the sale of our business and, once again, just want to pass on our appreciation and gratitude.

We wish you the very best and will pass on to anyone we come across a referral to you if they need assistance in the selling of their business.

Thank you so much Nathan,

Yours sincerely,
