TO WHOM IT MAY CONCERN

When asked by Nathan Kelly after the sale of my child care centre if I had any complaints or suggestions regarding his handling of the transaction, on the spur of the moment, I said that I was very satisfied with same.

However, after thinking about same, I realized that Nathan handled everything more than efficiently, especially accountants and solicitors.

I have had businesses in the past which I have purchased and sold and believe me when I say that on two occasions the transactions were nightmares due to the incompetent handling and arrogant attitude of the marketing personnel.

Nathan proved beyond a doubt that it is essential to choose a person to work for you who specializes in the field and knows the operations of the particular business you are selling.

I have absolutely no hesitation in recommending Nathan as a business colleague as he is very thoughtful and thorough in what he does and is more than willing to go the "extra mile".

I wish Nathan and his family every success and happiness,
